Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with IAS 34, 'Interim Financial Reporting' that is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

#### Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" that is endorsed in the Kingdom of Saudi Arabia. A review of interim condensed consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 September 2025 interim condensed consolidated financial statements of Mobile Telecommunications Company Saudi Arabia are not prepared, in all material respects, in accordance with IAS 34, 'Interim Financial Reporting' that is endorsed in the Kingdom of Saudi Arabia.

#### 15 CAPITAL COMMITMENTS AND CONTINGENCIES

The Group had capital commitments of  $\pm 2,110.79$  million as at the reporting date (31 December 2024:  $\pm 2,460$  million). The Group had contingent liabilities as follows:

	30 September 2025	31 December 2024
	(Unaudited)	(Audited)
Letters of guarantee	30,918	55,358
Letters of credit	218,750	218,750
	249,668	274,108

The Group in the normal course of business is subject to and also pursuing lawsuits, proceedings, penalties and fines imposed by the regulator, municipalities and other claims from suppliers and telecommunication providers. The Group, after having consulted with its internal and external legal counsel and technical advisors, believes that these matters are not expected to have a significant impact on the financial position or the results of operations of the Group.

The CST's violation committee has issued several penalty resolutions against the Group; which the Group has objected to. The reasons of issuing these resolutions vary between linking ID for the issued prepaid SIM Cards and providing promotions that have not been approved by CST and/or other reasons. As of 30 September 2025, the amount of lawsuits and violations amounts to \$\frac{1}{2}\$ 5.17 million which has been provided for in full (31 December 2024: \$\frac{1}{2}\$ 5.32 million).

#### 15-1 With Holding Tax (WHT)

On 7 July 2015 (18 Ramadan 1436H), The Group received withholding tax assessments from Zakat, Tax and Customs Authority (ZATCA) for the years from 2009 to 2011 whereby ZATCA asked to pay an additional amount of \$\pm\$ 267 million as withholding tax subject to delays penalty payable from the due date up to the settlement date equals to 1% for every 30 days. The Group appealed this claim on 27 August 2015 which resulted in the reduction of withholding tax claim by \$\pm\$ 219 million to \$\pm\$ 48 million, subject to delays penalty.

To appeal before the High Appeal Committee (HAC), the Group completed the required conditions in the Articles of the Saudi Tax Law, by paying the invoices issued by ZATCA amounting  $\frac{1}{2}$  48 million on 16 November 2017 related to Withholding Tax (WHT) and issued a bank guarantee for the amount of  $\frac{1}{2}$  43 million related to the penalty generated from the delay in paying the WHT.

On 3 June 2021, the HAC issued its decision on the final claim which was reduced to  $\frac{1}{2}$  8.4 million. The Group has appealed against this decision to the Appeal Committee for Tax Violations and Disputes and the case is pending as at 30 September 2025.

The Group received additional assessment with an amount of  $\frac{1}{2}$  100 million for certain withholding tax items for the years from 2015 to 2021. The Group has appealed those assessments against the relevant committees. The Group believes that the outcome of those appeals will be in the Group's favor with no material financial impact on the Group's interim condensed consolidated financial statements.

The Group was also subjected to WHT, for the years from 2012 to 2021, on International Interconnect traffic from ZATCA for payments made to International Operators. For any assessments received from ZATCA, the Group has rejected these claims and appealed at various judiciary bodies against these assessments. In the process of appealing against these claims, the Group had paid an amount of \$\frac{1}{2}\$ 8.37 million and created a provision of \$\frac{1}{2}\$ 148.18 million.

During 2022, the government decree number 484 on November 2022 clarified that there will be no WHT on International traffic prospectively. Considering the decree aligned the position of tax prospectively from 2022, the previous years were continued to be assessed by ZATCA and the Group continued to dispute and appeal against these assessments.

#### 15-1 With Holding Tax (WHT) (continued)

During the year ended 31 December 2024, the Group received communication from ZATCA that the dues for WHT on International traffic will be borne by the Government. Accordingly, the Group has reversed a provision of \$\pm\$ 148.18 million. The amount paid of \$\pm\$ 8.37 million will be settled by the Group with dues payable to ZATCA for other ongoing assessments. There is no change in the status during the nine months period ended 30 September 2025.

#### Status of assessments

The Group had finalized its zakat status up to 2008 and obtained the related certificate.

The Group had submitted its consolidated financial statements along with group zakat returns for the years from 2009 to 2024 and paid zakat according to the filed returns. From 2021 onwards, Tamam Finance Company is submitting, paying and obtaining zakat certificate form ZATCA separately, consequently the Group had submitted zakat return from 2021 till 2024 excluding Tamam Finance Company.

Zakat was assessed by ZATCA and agreed with no additional claim for the years ended 2012 and 2013. The Group received additional assessment of  $\frac{1}{2}$  20.3 million for Zakat for the years from 2014 to 2018 which the Group has appealed against these additional claims to the relevant committees. The Group believes this will not result in any material additional provisions. Zakat was assessed by ZATCA and agreed with no additional claim for the years ended 2012 and 2013. The Group has not received zakat assessment for years 2019 to 2024.

Management of the Group estimates that there is no financial impact as the Group has sufficient provisions.

On 12 Ramadan 1445H (corresponding to 22 March 2024), the Zakat, Tax and Customs Authority (ZATCA) announced the issuance of a new Zakat Implementing Regulation, through the Ministerial Resolution (MR) No.1007 dated 19 Shaban 1445H (corresponding to 29 February 2024), which was electronically published in the Official Gazette on 11 Ramadan 1445H (corresponding to 21 March 2024). The new Zakat regulation is replacing the current regulation issued through MR No. 2216 dated 14 Rajab 1440H (corresponding to 14 March 2019).

In the light of new regulations, the Group has reassessed its' zakat provision and consequently has reversed additional provision charged in prior periods amounting to \$\frac{1}{2}\$ 75.77 million during the year ended 31 December 2024.

Additionally, the Group has calculated zakat expense for the three and nine months periods ended 30 September 2025 which is in line with the new regulation which amounts to  $\frac{1}{2}$  8.02 million and  $\frac{1}{2}$  22.79 million (three and nine months periods ended 30 September 2024:  $\frac{1}{2}$  11.43 and  $\frac{1}{2}$  31.64 million, respectively in line with old regulation).

(All amounts in \(\pm\) thousands unless otherwise stated)

#### 18 FAIR VALUE OF FINANCIAL ASSETS AND LIABILTIES

#### 18-1 Fair value Hierarchy

Assets and liabilities measured at fair value in the interim condensed consolidated statement of financial position are grouped into three levels of fair value hierarchy. This grouping is determined based on the lowest level of significant inputs used in fair value measurement, as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

All the financial assets and liabilities of the Group are carried at amortized cost except for derivative financial instruments. Therefore, the fair value hierarchy disclosure which requires a three-level category of fair value is not disclosed.

#### 18-2 Carrying amount vs fair value

The Group considers that the carrying amount of the following financial assets and financial liabilities are a reasonable approximation of their fair value:

- Cash and cash equivalents
- Trade receivables and other assets
- Due to related parties
- Trade and other payables
- Borrowings
- Other non-current liabilities

	Fair value	30 September 2025 (Unaudited)		31 December 2024 (Audited)	
	measurement hierarchy	Carrying value	Fair value	Carrying value	Fair Value
Derivative financial instruments	Level 2	-	-	28,504	28,504

#### 18-3 Valuation techniques

These derivatives are valued using widely recognized valuation models. The Group relies on the counterparty for the valuation of these derivatives. The valuation techniques applied by the counterparties include the use of forward pricing standard models using present value calculations and mid-market valuations.

Where applicable, these models project future cash flows and discount the future amounts to a present value using market-based observable inputs including interest rate curves, credit spreads, foreign exchange rates, and forward and spot prices.

#### 19 SUBSEQUENT EVENTS

There are no other material events occurred subsequent to the reporting date, which could materially affect the interim condensed consolidated financial statements, and the related disclosures for the three and nine months periods ended 30 September 2025.

#### 20 APPROVED INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
